

Baseball Scoreboard Model GM-BS-01CLK

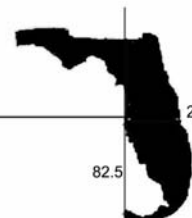

This photo is of the 96 inch wide version.

GM-BS-01CLK Baseball scoreboard with LED displays and wireless control. The frame is constructed from continuously welded aluminum box tubing which receives a high quality baked on powder coat finish. It has 17 inch tall LED digits for score and inning, and 9 inch tall LED digits for ball, strike and out. The clock counts down while displaying game statistics and can display the time of day when not in the game statistics mode. Display illumination may be adjusted to three levels. Scores up to 99, inning up to 19. LED displays last up to 160,000 hours. The included wireless controller means that there are no cables to worry about. Just plug it in and play. It uses less than 2 amperes of current at 120 volts AC. Size is 60 inches tall by 121 inches wide by 2 inches deep. Weight is approximately 120 pounds.

Custom baseball scoreboards are available with your choice of features, colors, frame size, display size, logos, and more. We can build your scoreboard just the way that you want it for less than you expect. Call 1-800-726-7608 and find out what we can do for you.
