GM-BS-06, with MX-01 message board, scoreboard with LED displays and wireless control. The frame is constructed from continuously welded aluminum box tubing which receives a high quality baked on powder coat finish. It has 17 inch tall LED digits for scores, ball, strike, out, H-E, runs, hits, errors, and, at bat. Display illumination can be adjusted to three levels. Scores up to 9 runs per inning for up to 10 innings and 99 total. Hits up to 99. Errors up to 9. At bat set to any number up to 99. A dot matrix LED display permits messages to be displayed during the game. Refer to MB-MX-01 on the message board page for information specific to the matrix display. LED displays last up to 160,000 hours. The included wireless controller means that there are no cables to worry about. Just plug it in and play. This scoreboard uses less than 9 amperes of current at 120 volts AC. Size is 92 inches tall by 360 inches wide by 2 inches deep. Weight is approximately 460 pounds.

Custom baseball scoreboards are available with your choice of features, colors, frame size, display size, logos, and more. We can build your scoreboard just the way that you want it for less than you expect. Call 1-800-726-7608 and find out what we can do for you.
