

Portable Scoreboard Model GM-PR-08

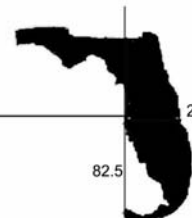

GM-PR-08 Portable scoreboard on wheeled stand with LED displays and wireless control. The frame is constructed from continuously welded aluminum box tubing which receives a high quality baked on powder coat finish. It has 9 inch tall LED digits for clock, score, and period. Game time counts down. Maximum time is 59 minutes and 59 seconds. May display time of day when game is over. Display illumination can be adjusted to three levels. A loud horn with adjustable duration is standard. The last minute of game time displays tenths of seconds, a feature often requested for track meets. Scores up to 99. Optionally can score up to 199. LED displays last up to 160,000 hours. The included wireless controller means that there are no cables to worry about. Just plug it in and play. It uses less than 2 amperes of current at 120 volts AC. Size is 36 inches tall by 48 inches wide by 2 inches deep. Stands 61 inches tall from floor. Weight is approximately 45 pounds.

Custom portable scoreboards are available with your choice of features, colors, frame size, display size, logos, and more. We can build your scoreboard just the way that you want it for less than you expect. Call 1-800-726-7608 and find out what we can do for you.
