

Soccer Scoreboard Model GM-SK-05

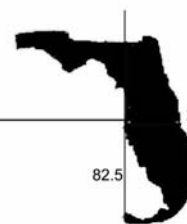

GM-SK-05 Soccer scoreboard with LED displays and wireless control. The frame is constructed from continuously welded aluminum box tubing which receives a high quality baked on powder coat finish. It has 30 inch tall LED digits for clock and 17 inch tall LED digits for score. For player name display it has two MX-01 dot matrix message boards. Game time counts down or up. Maximum time is 59 minutes and 59 seconds. May display time of day when game is over. Display illumination can be adjusted to three levels. A loud horn with adjustable duration is standard. The last minute of game time displays tenths of seconds, a feature often requested for track meets. Scores up to 19. Optionally scores up to 99. LED displays last up to 160,000 hours. The included wireless controller means that there are no cables to worry about. Just plug it in and play. It uses less than 8 amperes of current at 120 volts AC. Size is 50 inches tall by 236 inches wide by 2 inches deep. Weight is approximately 190 pounds.
