

Tennis Scoreboard Model GM-TN-10

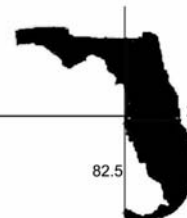

GM-TN-10 Tennis scoreboard with LED displays and wireless control. The frame is constructed from continuously welded aluminum box tubing which receives a high quality baked on powder coat finish. The GM-TN-10 has 9 inch tall LED digits for set and game. LED service indicators are also included. Up to 5 sets along with game score can be displayed. Illumination can be adjusted to three levels. LED displays last up to 160,000 hours. The included wireless controller means that there are no cables to worry about. Just plug it in and play. The GM-TN-10 uses less than 2 amperes of current at 120 volts AC. A battery powered version is also available. Size is 36 inches tall by 64 inches wide. Weight is approximately 70 pounds.

Custom tennis scoreboards are available with your choice of features, colors, frame size, display size, logos, and more. We can build your scoreboard just the way that you want it for less than you expect. Call 1-800-726-7608 and find out what we can do for you.
