GM-TN-011 Tennis scoreboard with LED displays and wireless control. The frame is constructed from continuously welded aluminum box tubing which receives a high quality baked on powder coat finish. It has 9 inch tall LED digits. Up to 3 sets along with games won can be displayed. Illumination can be adjusted to three levels. LED displays last up to 160,000 hours. The included wireless controller means that there are no cables to worry about. Just plug it in and play. The GM-TN-011 uses less than 6 amperes of current at 120 volts AC. Size is 91 inches tall by 172 inches wide by 2 inches deep. Weight is approximately 400 pounds.

Custom tennis scoreboards are available with your choice of features, colors, frame size, display size, logos, and more. We can build your scoreboard just the way that you want it for less than you expect. Call 1-800-726-7608 and find out what we can do for you.
